# Welcome to uEducateUs Newsbytes

Welcome Back

How exciting it is to welcome in the new year – 2023. We hope you all had an enjoyable break.

Whilst it is sad to see Nullawil Primary School close its doors, we wish the staff and students all the best in their new schools.

uEducateUs Annual Survey

The draw (via a random selector) for everyone who took part in the survey took place on the 12th of December. A huge **congratulations** to **Inglewood Primary School** – we hope your garden voucher will be useful.

Thank you to everyone who completed the survey, it is valuable to be able to evaluate the data so we can make our product better for schools.

Your comments / suggestions are being looked at within the team for potential implementation within uEducateUs.

ClearTrack

uEducateUs is delighted to announce that we have acquired ClearTrack. We are working in parallel with the previous owners to give the utmost service to all concerned.

Schools who use ClearTrack will not see any changes in 2023 as many of its data analysis features begin to be migrated into uEducateUs.

As uEducateUs is a full featured product we welcome any school who would like to make the transition from ClearTrack to uEducateUs to contact us for further information. Phone: 1300 833 500
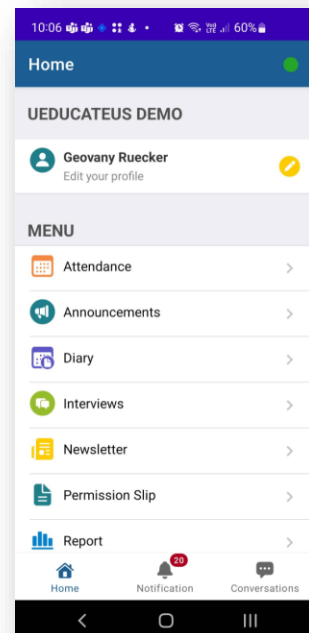

uEducateUs Mobile

At the end of last year, we released a brand new native mobile app called **uEducateUs Mobile** for both iOS and Android platforms. Its initial release focuses on parent interactions while fixing numerous issues that exist with the old uEducateUs app. This especially relates to push notifications, expanded file support and a cut down feature set.

We encourage each school take the time to review the current feature set of the new **uEducateUs Mobile** app and inform your parents to install the new **uEducateUs Mobile** app.
Download the new flyer for distribution to parents here:
https://ueducateus.com.au/docs/uEducateUs_Mobile_Flyer_V1.1.pdf

uEducateUs Mobile allows parents to:

- Update unexplained absences
- Complete absent notes
- View announcements
- View and download newsletters
- Approve/decline permission slips
- View events calendar
- Participate in conversations (if enabled)
- View school and system notifications
- Access interviews (Web view)
- Add reader entries (Web view)

- View and download semester reports
  - Including additional attachments
- Access the school's gallery (Web View)

What about the old uEducateUs app?
The old **uEducateUs** app remains available for all users while parents migrate to the new **uEducateUs Mobile** app**.**
While the old may remain useful for teachers and administrators as it provides a mobile view of the uEducateUs web-based system, the old uEducateUs app will be officially deprecated at some point this year.

Updates:
1.34 Release 17 Feb 2023

Key new features in this release

- **CR-3035 Mandatory absent notes / absent explanation comments**
  Schools can now make comments mandatory for absent notes and absence explanations
- **CR-3051 Add semester report attachments (uEducateUs Mobile)**
  Attachments included in semester reports are also listed in the reporting section of the new uEducateUs Mobile app

- **CR-3105 Customise feature section of welcome letters**
  When issuing welcome letters, administrators can overwrite the system features that apply to parents
- **CR-2982 Sort Attendance rolls by Year > Student**
  Attendance rolls can now be set to display based on Year Level > Student Surname, First Name
- **CR-3136 Add option to Archive Gallery Entries**
  Public and Class albums can be archived, removing them from view but remaining available for Administrators.
- **CR-3033 & CR-3031 DAT: Custom Test Types (Year Level & Vic Curriculum)**
  Custom test types can be created for data analysis purposes.

Quick snippit 'How to's'

ADMINISTRATORS

It's good practice at the start of the year to remove staff who have left and add any new administrators you need. The uEducateUs package allows schools to have up to 5 administrators without incurring extra charges.

Go to Management -> People -> Administrators. Here you can use the + sign to add another administrator. If you need to deactivate / or change details, it can be done via the COG on the right of the administrator.
