uEducateUs

School Management System

Designed to make administrating schools and classrooms easier and is comprehensive and affordable. Track student attendance, activities and improve communication between staff, teachers, students and parents.

Safer Technologies 4 Schools
ASSESSED 2021

Welcome to uEducateUs Newsbytes

Easter break and Term 1 holidays

As term 1 comes to a close, we wish you all a safe and happy Easter holiday filled with joy and blessings!

If you're travelling, stay safe on the roads. Rest, relax and revitalise and we will see you in Term 2.

Farewell / Welcome Back

This month we said farewell to Shereena who has been a big part of our customer support team for 4 years. Many of you will miss her on the end of the telephone and we are sure you will join us in wishing her well in her future endeavours.

Fred returned to our team late last year to be our roving salesman but in the short term you will find him on the end of the telephone as he has jumped into customer support.

ClearTrack

Schools who use ClearTrack will not see any changes in 2023 and will remain as is. The team at uEducateUs will continue to provide support however the ClearTrack platform will not undergo further development.
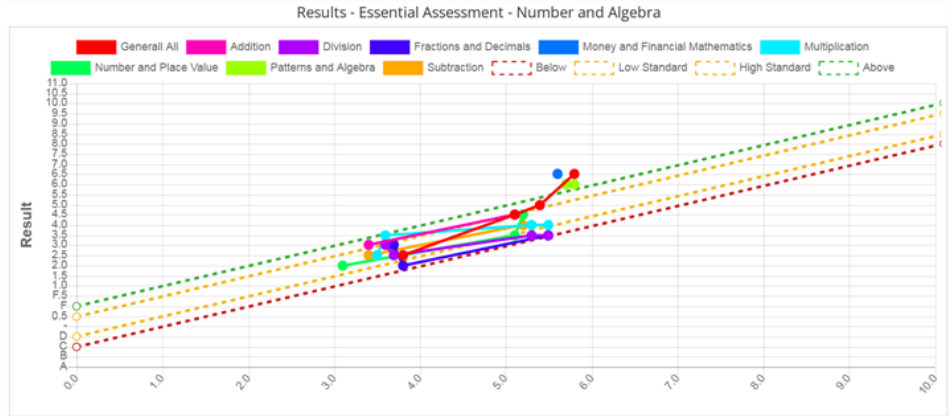

uEducateUs is a **'full featured'** School Management product which has recently migrated ClearTrack's data analysis features onto its cloud base and we welcome any school who would like to make the transition from ClearTrack to uEducateUs to contact us for further information.
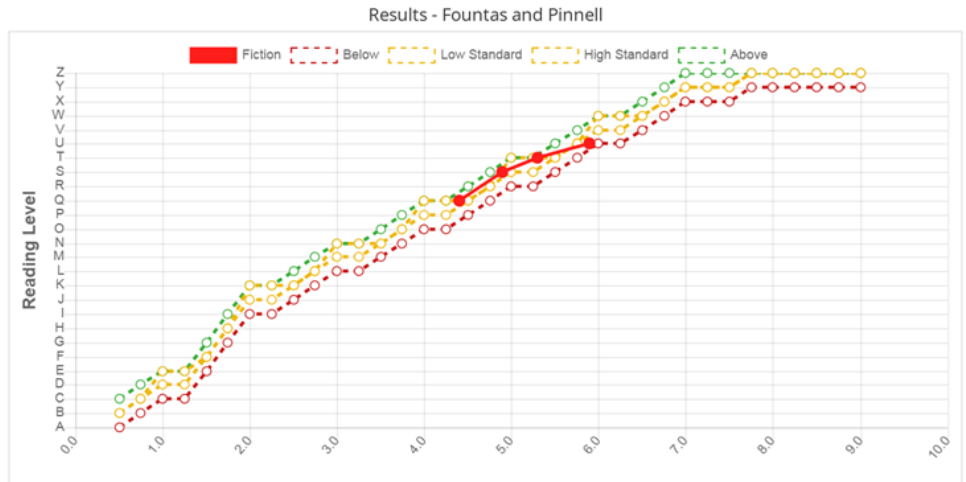

Phone: 1300 833 500 or check out our brochure here:

Vic Curriculum test data

Tests based on Victorian Curriculum is now supported.

Tests that have progression point results can now be recorded.

This also includes Essential Assessment results.

See the graphs for examples.

A standard import file format to import student scores is also available for all test types. Importing_Test_Results_guide.pdf

Single attendance roll marking

To limit errors and pre marking of attendance periods that have not occurred, you can now choose to limit the marking of attendance rolls for teachers to a single period roll only.

The AM roll will only be available. The PM roll will become available 1one hour before the period starts.

Independent learning plans

Adding attachments

Using external learning plan templates? If so, you can now utilise the ILP module and simply attach the plan to the student and set the review date.

Flag you ILP as special needs

You can flag your ILP as a special needs ILP. This will not only flag the ILP, it will also flag the student on the attendance roll, alerting them that the student has a special needs ILP.

SMS Balance notifications

The system now allows you to set a SMS balance notification. Set your lower limit and a reminder will be issued to the school's email address and any additional users included in the section.
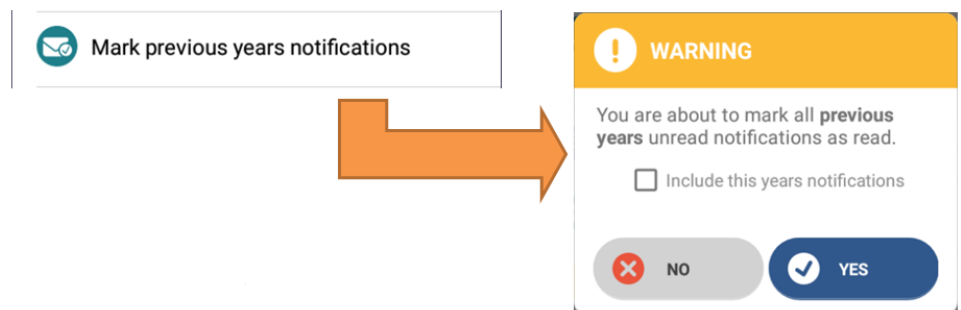

You can also enable the automatic request to add additional SMS credits. When your balance drops below your present amount, the additional SMS credit amount will be requested and subsequently invoiced to your school.

uEducateUs Mobile

You and your parents have installed the new uEducateUs Mobile application and find there are quite a few notifications that need to be taken care of? Under your profile on the mobile app, you can now mark all previous year's notification as read.

Updates:

1.35 Release Mar 2023

Key new features in this March 31st release

- **CR-3153 Welcome and Paper login letters updated**
  Welcome and Login letters have been updated to reflect uEducateUs Mobile app.
- **Individual Learning Plans**
  CR-3192 - Attachments can now be added
  You can now add attachments to student ILP and set a review date even if the ILP only includes an attachment.
  CR3193 Additional fields added for Victorian Government ILP. Additional fields are available based on the example provided by Victorian government ILP/IEP template.
- **CR-3245 – Special Needs ILP flag**
  You can flag a ILP as a special needs ILP. *This will be reflected on the attendance roll and is linked to the students ILP section.*
- **CR-3203 – Clone a student's ILP**
  You can clone a student ILP, making it easier to create a new one based of the students previous ILP

- **CR-3247 Parents preferred name is now displays in specific areas of the system**

   Parents preferred names are now displayed in select modules. They can also be searched on. Additional modules will be updated in the coming months.
- **CR-2613 Adding affiliates and content providers to semester reports**

   Schools can now choose to include references to external providers or partners on the student's semester reports.
- **CR-3174 Attachments can be added to an incident**

   Attachments can be added to individual incidents.
- **CR-2743 SMS balance notifications**

   You can now set an alert notification limit as well as set an auto renewal amount.
- **CR-3083 Vic Curriculum Tests**

   Test section now supports Vic Curriculum scoring. Essential Assessment data can be recorded and reported on.
- **CR-3097 Import test results**

   A standard import file format has been released to allow for student results to be imported into the system
- **CR-3185 Mark all notifications as read**

   A new feature added to uEducateUs Mobile allows the user to mark previous or all notifications as read. This is especially useful when using the app for the first time.
- **CR-3200 Single roll marking**

   A new setting under School Preferences allows for single roll marking. If enabled, teacher accounts can only mark a single roll at a time, while the PM or next period roll will not be available until 1hr before the period start.
