November 2023

School Management System

Designed to make administrating schools and classrooms easier and is comprehensive and affordable. Track student attendance, activities and improve communication between staff, teachers, students and parents.

Welcome to uEducateUs Newsbytes

November already!!

We would like to say a huge thankyou to our schools that took up the option of the Pay Now and Save. We are pleased we were able to pass some savings onto you and we appreciated your prompt payment.

The year has gone rather quickly, and it won't be long until the end of the year break. Wherever you may be, enjoy the little things in life and stay safe.

End of Year Survey

Our annual end of year survey is now open. Please take the time to complete it as it helps us to understand what we are doing right and where we can do better.

Schools that complete the survey by 4.00pm Friday 15th December will go into the draw to WIN an Educational Package consisting of educational products to the value of \$100 from uEducateUs.

The draw will take place Monday 18th December and the winning school will be notified by Telephone / Email and on Facebook.

Payment Gateway – update

Development of the payment gateway is well under way.

Once completed and fully tested, schools will have the ability to accept payments via the uEducateUs mobile app for:

- Payment Items
- Billing runs
- Permission slips

We have had multiple schools' express interest in QA testing, and we will be in contact once development has been completed.

System Improvements

Semester Reporting – N/A scoring option

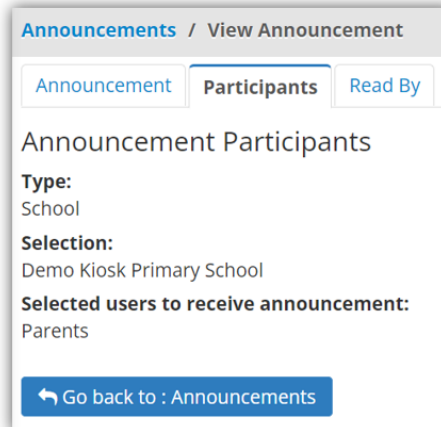

A new scoring choice has been added to the semester report scoring table.

- **N/A** can be found at the bottom of the scoring list.

By scoring any learning category/area with N/A, you are basically saying that the category/area did not form part of the students semester report scoring.

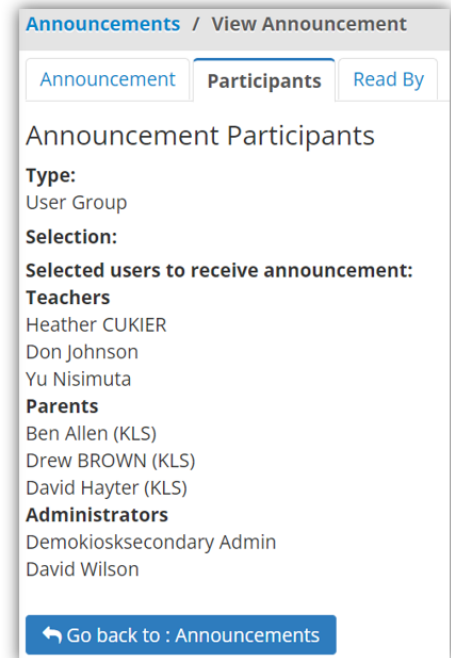

Announcements

A participant tab has been added to the announcement module. When viewing an announcement, you now have access to the participant information set when saving the announcement.

The screenshot shows the 'View Announcement' page with the 'Participants' tab selected. The page displays the following information:

With the inclusion of A-Z (All) navigation on the Overview page, this feature has also been rolled out to the Student and Parents Management pages as well.

Byte Size - Quick snippet

Throughout uEducateUs you will likely see that many pages include the two buttons above.

Many pages in uEducateUs have a preset filter applied to them, while others are waiting for you to apply a filter.

Just remember, if you apply a filter, the filter will remain until it is cleared, or you log back into a new session.

Referrals

Are you aware we have a referral program? – this means that if your school refers another school and the other school starts using uEducateUs then we will gift an educational package to your school as a way of thanking you.

Send the referred schools' info through to us or get the referred school to contact support@ueducateus.com.au and tell them to mention your school so we know who referred them.

Our educational packages are handpicked and may consist of Books / Puzzles / Games / Origami / Art supplies / Maths and English resources.

The biggest compliment we can receive is a referral – if you know any schools that could benefit from using our School Management System, please reach out to them
