

## Issue 9

July 2023

### School Management System

Designed to make administrating schools and classrooms easier and is comprehensive and affordable. Track student attendance, activities and improve communication between staff, teachers, students and parents.

## Welcome Back - Term 3

Welcome back to everyone and we hope you enjoyed your mid-year break. Often Term 3 is the time for schools to make decisions for the following year. If you have noticed something in uEducateUs that you would like to know more about or if you wish to start using a feature for 2024 email [support@ueducateus.com.au](mailto:support@ueducateus.com.au) and we can organise some training via zoom for you. Perhaps you would like a list of all modules uEducateUs has available?

## Referrals

Did you know we have a referral program? – this means that if your school refers another school and the other school starts using uEducateUs then we will gift an educational package to your school as a way of thanking you. Send the referred schools' info through to us or get the referred school to contact [support@ueducateus.com.au](mailto:support@ueducateus.com.au) and tell them to mention your school so we know who referred them.

Our educational packages are handpicked and may consist of Books / Puzzles / Games / Origami / Art supplies / Maths and English resources.

## Testimonials

Our website has recently been moved to a different platform and whilst you won't see a lot of change in content yet, it is a lot more inviting to look at. All pages will be under review, but we need your help with the Testimonial page. We would like to gather some new testimonials either written or a short video. If you would like to give a testimonial, please email it through to: [support@ueducateus.com.au](mailto:support@ueducateus.com.au) and mark it **Attn: Web Testimonial**

Testimonials are appreciated from any of your school community - Principals, Admin Staff, Teachers, Parents and Students.

## ClearTrack Schools

ClearTrack's founder Russell Broomhall has a message for all ClearTrack Schools – watch it here:

### Reminder:

Schools who use ClearTrack will not see any changes in 2023 and will remain as is. The team at uEducateUs will continue to provide support however the ClearTrack platform will not undergo further development.

uEducateUs is a comprehensive School Management system which has recently migrated ClearTrack's data analysis features onto its cloud base and we welcome any school who would like to make the transition from ClearTrack to uEducateUs to contact us for further information.

## Semester Reporting

With Semester 1 reporting completed, the following functions have been included based on user feedback.

### Custom Report Cover

Schools can now select a custom cover for their semester reports. This fifth cover option supplies colour and alignment options for some of the cover elements.

## Custom tables

A new custom table option has been added to semester reporting management. This feature allows your school to create and attach a five-point scoring table to any subject.

The example below is the Reading and Viewing section of an 'I Can Statements' table for Year 5 English

I Can Statements - Year 3	Well Below Standard	Below Standard	Standard	Above Standard	Well Above Standard
<b>Reading and Viewing</b>					
I can use my knowledge of letter-sound relationships, and blending and segmenting to read more complex words.				✓	
I can select information, ideas and events in texts that relate to my own experiences.			✓		
I can select information, ideas and events in texts that relate to other texts.			✓		
<b>Writing</b>					
I have some understanding of grammar (clause, verbs and tense).				✓	
I can choose vocabulary and punctuation appropriate to the purpose and context of my writing.					✓

Tables can now have their heading row colour coded to match your school colours or your custom cover design.

## Signatures and Titles

Principal and teacher titles can now be turned on or off globally for the semester reports. The principal's digital signature can now be included as part of the school values page of the semester reports

## User account status

User accounts are no longer referred to as enabled/disabled.

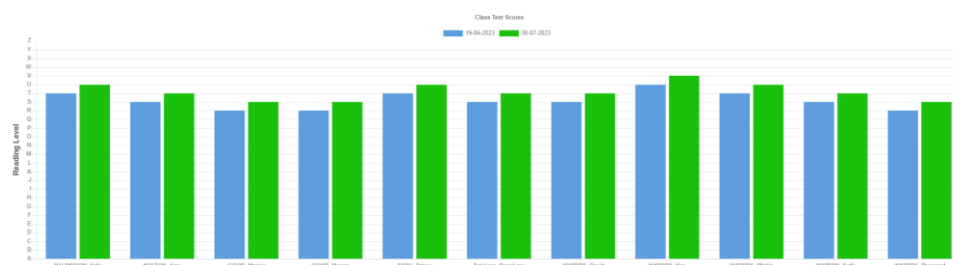

These references have been replaced with:

- **Active**
- **Inactive**

System settings will still have enabled/disabled status accordingly.

## Data analysis – Classes

Charted test results are now available when viewing your class. This provides you with a quick and easy method of identifying students' performance across the class or their progress from a previous test.

# KIOSK

You can now choose which staff are visible to visitors when they are checking in. The staff list can be adjusted under Kiosk > Visitors > Staff Contacts
