## AUTOMATE ARRIVALS AND DEPARTURES FROM YOUR SCHOOL WITH THE UEDUCATEUS KIOSK

There's no need to refer to paper records. Parents can drop-off & pick-up their children, staff can sign in and out, while visitors / contractors can register to use a code to quickly sign in and out.

### HOW IT WORKS

**Parents Drop-off or Pick-up their children, by:**
Entering their Kiosk code.
- Choosing the child's name and an optional reason to be recorded in the attendance system.

**Staff Sign-In or Out, by:**
- Entering their Kiosk code.
- Adding an optional reason if arriving late or leaving early.

**Visitors / Contractors Sign-In or Out, by:**
- Entering mandatory details like name, phone number and who they're representing.
- Optionally signing-up for a Kiosk account if they make regular visits.
- Sign out with their name or Kiosk code

**And that's it.**
There's no handwritten sheets to manually enter, get lost or misplaced. Administrators can see who's in school at any one time, and student attendance is automatically recorded.

**Victorian Government Schools:**
- Kiosk interfaces seamlessly with the uEducateUs Attendance system, so student drop-off and pick-up are automatically pushed to the Victorian Education Department **Cases21** system.

All you need is an **Apple iPad** and the **uEducateUs Kiosk** app.

### BENEFITS:

- **The Kiosk** - integrates with the uEducateUs Attendance system so you can see who's in school at all times.

- **Get notifications** - set a time your school closes, and uEducateUs notifies you of staff or visitors who haven't signed out.

- **Customise the Kiosk** - include Student, Teacher or Visitor, and the fields they fill out. View, create, edit or delete sign-in and out reasons for students and staff.

- **Manage Kiosks** - enable and disable Kiosks on one or more campuses.
