Newsbytes

Welcome to Term 3

We apologise for the delay in this edition of our newsletter.

We've been working hard on several major developments that we are excited to share with you. First, we are implementing Multi-Factor Authentication (MFA) to enhance the security of our systems.

Additionally, invitations to select schools have been issued to assess the functionality and features of the new payment gateway. With the production release imminent, there will be changes that will apply to all schools regarding permission slips so please check out the Payment Gateway section of this newsletter.

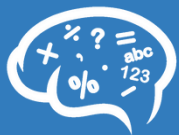

Lastly, we would like to extend a heartfelt congratulations to all schools for successfully completing another semester reporting season. Well done, everyone!

Permission slip changes

In the upcoming weeks, you will see new options and a revised process for updating the payment status of permission slips. These updates are necessary before implementing the payment gateway. All schools will benefit from additional features, including payment history, and optional functionalities for CESF and other payment types moving forward.

10-07-2024	55	Fred Benning	Michelle Benning	Stripe	Paid	\$55.00

uEducateUs

Testimonial

The tasks parents need to accomplish are all within one app on their phone or mobile device. Parents are enjoying the experience of using uEducateUs.

Anthony

Multi-Factor Authentication (MFA)

We're thrilled to announce a significant upgrade to our security measures with the implementation of Multi-Factor Authentication (MFA) for all user accounts! This exciting enhancement ensures staff and student safety from increasing cyber security threats and privacy breaches.

What is MFA?

MFA adds an extra layer of protection to your account by requiring multiple forms of verification before granting access. In addition to your password, you'll now verify your identity through a secondary method via an authenticator app.

Why is MFA Important?

Cybersecurity threats continue to evolve, and protecting your data is our top priority. MFA significantly reduces the risk of unauthorised access, even if your password is compromised.

How Does it Work?

Enabling MFA takes just a few minutes. Simply log in to your account, navigate to your profile, change password page. Scan the QR Code with your preferred authenticator app and enter the provided code and you're done. Once activated, you will be prompted to enter your MFA one time passcode to access uEducateUs upon your next login.

Implement MFA Today!

We encourage all users to activate MFA as soon as possible to enjoy enhanced protection and peace of mind. Your security matters to us, and we're committed to providing you with the best possible experience.

Authenticator App

You have the freedom to choose any authenticator app that suits your preferences and needs. However, we recommend the following trusted options for a seamless and reliable experience:

Authenticator app links

Microsoft Authenticator

Google Authenticator

uEducateUs

Testimonial

As a Parent at the School I find the uEducateUs Mobile App really handy.

I can see everything I need to that relates to me and my child.

Tina

uEducateUs Mobile

The latest update to the uEducateUs mobile app includes:

Well-being Support

You can now access the following Well-being modules directly from the mobile app:

- Behaviour
- Incidents
- Case Notes
- First Aid

Multi-Factor Authentication (MFA)

For added security, if you have enabled MFA on your account, you will be required to enter your MFA one time code daily to login to the Mobile App.

This extra layer of protection ensures access to school and student data stays safe.

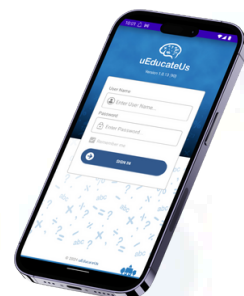

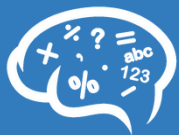

Edit Parent and Student Information

Non government schools can now allow parents to easily update or edit their details as well as student information directly through the app.

Stay updated and enjoy these new features to make the most out of uEducateUs!

Download uEducateUs Mobile from your preferred app store.

I have recommended this program to many other schools - I can't rate the product, technical support and customer services more highly!

Rachel

Payment gateway

With the production release expected to be in the coming weeks, there will be new features added to the permission slip module as well as changes to the way payments of a permission slip are processed.

New permission slip options

Permission slips cost functions will be expanded to allow all schools to include additional cost options that can be selected by parents as part of the approval process. These include:

- Multi-select options
- Quantity options
- Comment options

Parent costs			
Event cost: \$100.00			
Optional Activities			
Students can participate in additional activities at an additional cost.			
Option	Short description	Amount	Enabled
Horse Riding	2hr horse ride through the hills around bucken	\$50.00	Enabled
White water rafting	3hr white water rafting experience down the snowy river.	\$80.00	Enabled
Hiking	3hr guided hike around the bucken hills.	\$20.00	Enabled

Customer Feedback Program

The biggest compliment we can receive is a referral:

If you know any schools that could benefit from using our School Management System, please reach out to them

We have introduced a new program this year which aims to reward schools who submit valid suggestions, and we implement those changes, to improve our system.

Schools involved may receive an educational package to the value of \$200 as a way of a thank you.

Referrals

Are you aware we have a referral program?

How it works:

If a school refers another school and the other school starts using uEducateUs then we will gift an educational package (\$200 value) to the school that did the referral as a way of thanking that school.

Send the referred schools' info through to us or get the referred school to contact

support@ueducateus.com.au and tell them to mention your school so we know who referred them.

Our educational packages are handpicked and may consist of Books / Puzzles / Games Origami / Art supplies / Maths and English resources.
