School Management System

Streamline administrative tasks, track attendance, manage assessment and reporting, and enhance communication with parents.

Welcome to uEducateUs Newsbytes

Exciting News!!

We're excited to welcome Perry Kick to the uEducateUs team! Perry will be your go-to representative for system features and payment gateway inquiries, ensuring smooth communication and support.

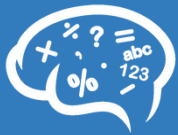

With Perry on board, we look forward to enhancing your experience and helping your school get the most from our platform.

Term 4 will also see our CEO Jason Corbett hit the road and visit country schools to connect with staff and discover new ways to support and celebrate your amazing work.

Additionally, select schools have been assessing the functionality and features of the new payment gateway. With the production now released, schools can elect to take up the option of adding this product. If your school would like to use the payment gateway or attain further information, please contact us.

Lastly - Thank you to all the schools who took up the Pay Now and Save option for either one or two years. We are extremely pleased we have been able to pass some savings on to our schools.

uEducateUs Mobile

The latest update to the uEducateUs mobile app includes:

Announcement images

You can now include images in your announcements. These differ from your standard attachments as they will be visible at the base of the announcement. Images can still be viewed and downloaded.

The existing attachment function remains unchanged for other file types.

About page

We've added an About Page to our app to make it easier for you to get help when needed. If you encounter any issues, simply head to the About Page, where you'll find key information. This feature ensures a smoother communication process and helps us assist you more efficiently.

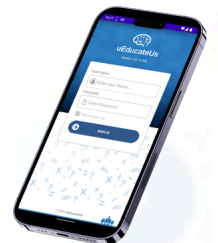

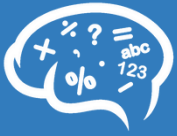

Additional Profile Information

Parents can now view additional profile information directly. This includes email address, contact details, address and occupation.

Student attendance pattern

The student attendance pattern feature provides a comprehensive overview of attendance trends for the current year, helping to identify patterns such as frequent absences or tardiness. This allows you to address attendance issues proactively and support student engagement and success while providing a clear visual representation of the current year.

Other noteworthy attendance improvements include:

- Administrator notifications when students are unexplained.
- Absent notes being shown on the parents calendar.
- Bulk creation of attendance presets.

Multi-Factor Authentication (MFA)

If you haven't set up your Multi-Factor Authentication (MFA) yet, now is the time! MFA adds an extra layer of protection to your account, ensuring your data stays secure.

Don't wait, set up your MFA today via your preferred authenticator app.

Authenticator App

You have the freedom to choose any authenticator app that suits your preferences and needs. However, we recommend the following trusted options for a seamless and reliable experience:

Payment gateway

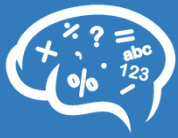

The payment gateway has been fully released.

Linked Success partners with Stripe for secure payments via uEducateUs.

This has been a mammoth undertaking by the entire uEducateUs team and we look forward to providing your school with a simple and straightforward payment system that includes:

- Credit card payments via Stripe.
- Ability to record other non payment gateway payments.
- Billing runs.
- Payment items.
- Permission slip payments.
- Transaction reports.
- Reconciliation reports.

Other system improvements

Release 1.40 also includes the following improvements:

Permission Slips

- Medical Consent can now be deactivated. Depending on the type of event your running, if you do not require medical consent, you can choose to deactivate it.

Independent Learning Plans (ILP)

- Creation of ILP goals via the goal bank is now available to teachers.
- You can now clone an existing ILP goal bank goal.

Incidents

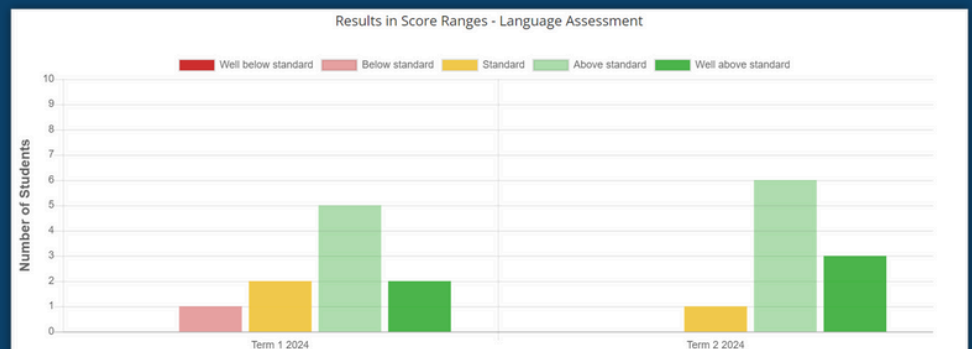

- During incident creation, you can now view the students photo via popup modal.
- New table has been added to the dashboard to assist in identifying the number of overall incidents by incident type.

Data reports

- Publish Photo Permissions report has been added.
- Enrolment register report has been added.

Data Analysis - Tests

To improve the clarity and the ability to assess the students growth, a new table has been added when viewing Class task results. This new table provides a clean view of all the students results for a particular test.

Customer Feedback Program

The biggest compliment we can receive is a referral:

If you know any schools that could benefit from using our School Management System, please reach out to them

We have introduced a new program this year which aims to reward schools who submit valid suggestions, and we implement those changes, to improve our system.

Schools involved may receive an educational package to the value of \$200 as a way of a thank you.

Referrals

Are you aware we have a referral program?

How it works:

If a school refers another school and the other school starts using uEducateUs then we will gift an educational package (\$200 value) to the school that did the referral as a way of thanking that school.

Send the referred schools' info through to us or get the referred school to contact support@ueducateus.com.au and tell them to mention your school so we know who referred them.

Our educational packages are handpicked and may consist of Books / Puzzles / Games Origami / Art supplies / Maths and English resources.
